REMARKS

Claims 6-8 are pending with claim 6 being independent. Claim 6 has been amended to place it in independent form and claims 1-5 have been cancelled. The drawings have been amended to correct minor informalities. No new matter has been introduced.

Applicant acknowledges with appreciation the Examiner's indication that claims 6-8 are directed to allowable subject matter.

The drawings have been objected to because of some informalities. In response, applicant has amended the drawings. The amendments are believed to address all of the Examiner's concerns. Accordingly, applicant requests reconsideration and withdrawal of the objection to the drawings.

Claims 6-8 have been objected to as being dependent upon rejected base claim 1. In response, rejected claims, including claim 1, have been cancelled and claim 6 has been amended to place it in independent form. Accordingly, the objection to independent claim 6 and its dependent claims 7 and 8 should be withdrawn.

Applicant submits that all claims are in condition for allowance.

It is believed that all of the pending issues have been addressed. However, the absence of a reply to a specific rejection, issue or comment does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this reply should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this reply, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.
